

# QUARANTINE INSTRUCTIONS

## for People Travelling to Nunavik Due to Exceptional Circumstances

Recommendations - August 25, 2020

### Travel to Nunavik is authorized for humanitarian purposes.

In some cases, a person travelling for such a reason will be unable to quarantine prior to departure (e.g., visit to a loved one's deathbed, funeral, etc.).

The following measures must be taken by the person travelling and anyone accompanying them:

- A surgical or procedure mask must be worn at all times while travelling (on the plane, in taxis or other modes of transportation), when within 2 metres of other people and in all public places.
- Strict hand hygiene procedures must be observed at all times.
- Individual accommodations are to be given priority.
- **If individual accommodations are impossible**, the person can stay at a hotel. The quarantine may also be done at the home of a resident of the region, as long as a room is reserved for this specific purpose and that no member of the household is considered vulnerable (vulnerable individuals are people over 60 years of age or anyone with a chronic illness or compromised immune system). If the quarantine is in a hotel or in a residence, all direct or indirect contact with other people must be avoided. The person under quarantine must:
  - stay alone in his room (to eat, sleep, etc.);
  - limit his use of common areas (e.g., kitchen);
  - wear a mask when going to or spending time in common areas;
  - use a separate, reserved bathroom whenever possible; if this is not possible, disinfect the room before and after each use;
  - avoid sharing personal items (dishes, towels, linens, etc.).
  - open windows as often as possible (weather permitting), to air out the home and your room.
- Self-evaluation of symptoms is critical, as is the immediate exclusion from the site visited should the person present with one or more of the following symptoms:

**In the presence of any of the symptoms below, call INFO-SANTÉ Nunavik at 1 888 662-7482.**

- |  |                |
|--|----------------|
